■ Testimonials

CHAUDHRY YUVRAJ SINGH
INDIA

Learning a new language requires great efforts for any individual at any stage of life, however, getting the right guidance and direction makes this journey smooth and an enjoyable experience. I am glad I had an opportunity to study at Duksung Women's University's GEI through GKS programme, where I got to be a part of an extremely nurturing environment. Teachers at GEI closely look after each student and help them to the best of their abilities to upskill them on Korean language skills, provide them with all the relevant and latest material, and most importantly are always available to help us with our doubts. The sincerity and dedication of the teachers and the staff towards the students makes you push yourself further while learning the language. GEI helped me to apply the classroom teachings to my daily routine activities and has helped me boost my confidence in speaking Korean in front of the natives which seemed to be a very difficult task for me before coming here.
