V. Testimonials

 Di di

I started level 4 in the autumn semester of 2020 at the Duksung International Language Center. Through the classes I was able to find my shortcomings when it comes to the Korean language and develop my abilities, helping me express myself more naturally. Although our time here was plagued by Corona19 and we were not able to have many events, the teachers were able to come with different ideas, on a smaller scale, to let us experience some parts of the Korean culture, such as cooking classes and writing words in Korean using our bodies for Hangeul day. The time spent here, thanks also to all the international friends I made, will be unforgettable and will be remembered dearly years from now. Thank you, Duksung International Language Center for your support and the opportunity given.

 Florent

J'ai commencé à étudier le coréen à « 덕성여대 » en septembre 2020, il y a maintenant 3 mois.
Partir étudier à l'étranger et s'adapter à une nouvelle culture n'est jamais facile, mais je dois dire que j'ai été très agréablement surpris par l'entraide permanente apportée par les professeurs et le personnel accompagnant. Les cours de langues dispensés par des professeurs de qualité, les activités culturelles variées, les différents échanges avec des étudiants venus du monde entier et la bonne humeur ambiante sont tout autant de choses qui, aujourd'hui, me permettent de m'épanouir un peu plus chaque jour. Faire partie de ce programme est une chance incroyable et s'investir à fond est le plus beau cadeau que nous puissions faire pour remercier ceux qui nous permettent d'atteindre nos objectifs. Maintenant, objectif TOPIK !
