Testimonials

“ I got to Duksung university in September 2019 and started from level 4 here. But even then, in the beginning, I was scared to communicate in Korean with people because of fear of making mistakes. But while studying here, thanks to my teachers, I was able to improve my Korean language skills and build confidence. Not only the everyday classes but various cultural activities like “Duksung Seodang” helped me in gaining more knowledge about Korean culture. I am sincerely thankful to DILC(Duksung International Language Center) for giving this opportunity. It will be a memory for lifetime with millions of good moments. Thank you. ”

SUNAKSHI from India

ROSE from U.S.A

“ The teachers were really great at making sure we not only learned the Korean taught in our textbooks but also the Korean used by natives. I was really shy about speaking Korean when I started but after the first couple of weeks I felt really comfortable or confident. The cultural classes each semester were also really fun. Studying here was one of my best decisions! “Korean cooking class was my favorite we got to make authentic Korean food and practice the Korean we learned in class” ”
